Summary: The **private common law trust** has superior title through the land patent and 20 years of ownership of the deeder Ann Galloway to the private common law trust. As a result, all affidavit and instruments Galloway filed have NOT been rebutted therefore all facts remain as truth in commerce. Elizabeth Dranttel directed David Washburn who does not have the proper credential to be a special master to forge a false deed. This unlawful deed is based on fraud on the court. This fraudulent and unlawful deed was entered into the county records. Kathleen Ellenwood, Kendell Yow and Edward Bunn were well-informed of the forged documents and destruction of accurate recordings in the court record proper. Participating Judges and Attorneys were given verifiable evidence of the fraud which they continually removed from the court record. The unlawful orders signed by Francis Mathew do not apply to the trust. Ann Galloway does not own the property. The private common law trust owns the property. The unconstitutional public officials who have perjured their oath of office and failed to attain a bond required by the New Mexico Constitution making them impostors have no jurisdiction. ## III. Added facts regarding the entitlement documents

1. The entitlement documents were not authentic and clearly revealed fraud. All judges, attorneys and public officials bound to the law were given indisputable evidence of altered forged and fraudulent documents and avoid the issue to foreclosure on Owner/ Beneficiary property.

2. All foreign agents aided and abetted JPMORGAN CHASE BANK NA The documents are required to be original and authentic in order to have standing to foreclose. There were no original authentic documents of entitlement- promissory note and mortgage deed contract. These issues was addressed by unrebutted affidavits by Ann- Marie: Galloway, the only one who has first-hand, eye-witness experience with the documents.

3. The 2011 Promissory Note evidenced obvious criminal alterations by a robo-signer. An alleged employee from Mortgage Strategies Group Llc assigned the note to herself and misspelled her alleged employer's name.

4. The 2013 Promissory Note was further altered with a VOID stamp. The law requires the **note** to be signed and dated in front of a Notary Public to ensure that it is a legally enforceable agreement.

5. An Assignment of Mortgage was assigned from a JPM employee Michael T. Wolf to JPMORGAN CHASE BANK NA (JPM). There is no evidence of the Promissory **Notes** being transferred as required by UCC 3-203 and 204 <https://www.law.cornell.edu/ucc/3/3-203> to JPMORGAN CHASE BANK NA because JPMORGAN CHASE BANK NA forged a black and white copy of a note to create a color facsimile with color changes document by unrebutted affidavits.

6. This is proven and validated by unrebutted affidavits. The assignment of Mortgage and transfer of the Promissory **Notes** was not disclosed or verified. JPMORGAN CHASE BANK NA assigned the mortgage to themselves given the fact that Michael T. Wolf was a JPM employee. There were no authentic documents only alterations and forgeries by JPM

**IV. I further Conditionally accept and send greetings of peace and blessing to all of the Trustee/ Respondents and pray for your well being.**

1. RE: I conditionally accept that on April 22, 2022 "Notice of abandoned biological property claim with all subsequent annexations. 2. Shockingly, recognizing that you the courts and other participants are the deep state and presumed power over we the People, based on the abandoned fetal material, placenta. One is all present and accounted for from fertilization to last breath.

3. Who would ever fathom such absurdity...that a man should drag the dead-weight of a membranous afterbirth "phantom limb" other wise the One abandoned One's wholeness.

4. Now that I have claimed my wholeness and given proof of my superior claim of ownership for my biological material that you claimed I had abandoned I conditionally accept the way you do business with your Offer to Commit Fraud and in your effort to have power over all property.

5. I conditionally accept that you will continue to non- disclose and deceive any way that you can by altering and forging a Promissory Note, Assignment of Mortgage as part of the package for entitlement.

6. I conditionally accept that you gave enough money to enable the judges to perjury their oath and commit treason.

7. The record shows, with numerous misrepresentations, false status claims and with no proof of claim the judges were more than willing to overlook your crimes...

8. And then having truth, evidence and law destroyed from the court records provided further verification of the fraudulent cover-up

9. and reneging the attempt to change the original contract agreed upon terms.

**VI. I serve this "Conditional Acceptance" upon the Trustees, their principals and the humans listed on the enclosed pages Et al. in their human being and Trustee persons capacity**

1. Be it known: The "Conditional Acceptance" to Your offer establishes a Common-law contract between us under the Postal rule, which states:

2. The postal rule (also known as the mail box rule or "deposited acceptance rule") is a term of common law - contracts which determines the timing of acceptance of an offer when mail is contemplated as the medium of acceptance. The general principle is that a contract is formed when acceptance is actually communicated to the offeror. The mailbox rule is an exception to the general principle. The mailbox rule provides that the contract is formed when a properly prepaid and properly

addressed letter of acceptance is posted. One rationale given for the rule is that the offeror nominates the post office as implied agent and thus receipt of the acceptance by the post office is regarded as that of the offeree. The main effect of the mailbox rule is that the risk of acceptance being delivered late or lost in the post is placed upon the offeror. If the offeror is reluctant to accept this risk, he can always require an actual receipt before being legally bound."

For over ten years of relentless deceptive misrepresentations and falsified documents Ann:Galloway suffered sleepless nights days and night of research writing papers and filing answers caused the death of my beloved partner my failing health, severely impeded career growth and expansion injuries to me Ann Marie :Galloway, the beneficiary, the Trustees and their principals are indebted to me Ann : Galloway, beneficiary, for 340,000,000. Three hundred and forty million and no cents (\$340,000,000.00) Dollars jointly or severally in the money of account of the United States of America,

Article I, Section 10 [1], wherein it states, "No State shall...make any Thing but gold and silver Coin a Tender in Payment of Debts." Furthermore, witnessed through this Conditional Acceptance you willfully and knowingly injured me for over 10 years and caused my beloved's death, the destruction of my career, with great anxiety, you have cause me sleepless night and ill health. Many opportunities have been given to you to correct your criminal acts and you instead continued and prevailed to harm me. The fact in this Conditional acceptance gives me the authority to create a Claim of Lien against you each and file a financing statement against you each supporting my lien as I deem necessary to protect me, my property and my rights if and when needed at any time.

Additionally, in order to facilitate my rights under this Conditional Acceptance and Security-Agreement you agree that I have your Power of Authority/Attorney to file anything to bring about the "payment" of this debt and protect me, my property and my rights and that you have no right of action or recourse in any action at law, action in equity or Admiralty or any other law herein written or implied against me or my filings.

Additionally, you agree that you grant your Power of Authority/Attorney to me, Ann: Galloway, Beneficiary, so that I am able to collect the damages through a lien, UCC-1, UCC-3, Treasury forms 1040-V and 1040, 1099-A and 1099-OID. Additionally, you agree that every year an additional set of liens can be filed with the Treasury if such injury to me persists on a yearly basis. It is understood that even though a Treasury Form 1040 is for a Tax Class 2 and the 1099-A and 1099-OID are Tax Class 5. According to research and current knowledge this is the lawfully acceptable way of filing this debt for collection therefore as beneficiary I have use the forms "without prejudice."

"The ability to place a lien upon a (wo)man's property, such as to temporarily deprive him(her) of its beneficial use, without any judicial determination of probable cause dates back not only to medieval England but also to Roman times." *United States Supreme Court, .Sniadach v. Family Finance Corp., 395 U.S. 337 (1969)* "Argued April 21, 1969 Decided June 9, 1969 395 U.S. 337 Syllabus Under Wisconsin's garnishment procedure the clerk of the court issues a summons at the request of the creditor's lawyer, and the latter, by serving the garnishee (here the employer) sets in motion the machinery whereby wages (here one-half those due the employee) are frozen."

Additionally, the beneficiary request that the Department of Treasury/IRS conduct an in-dept investigation of all Judges, attorneys and public officials on evidence of money laundering. Evidence reveals that the above individual do not embrace American Constitutional values, they instead choose to implement and unconstitutional foreign communist agendas
